TIPS FOR STRESS-FREE WEDDING PLANNING

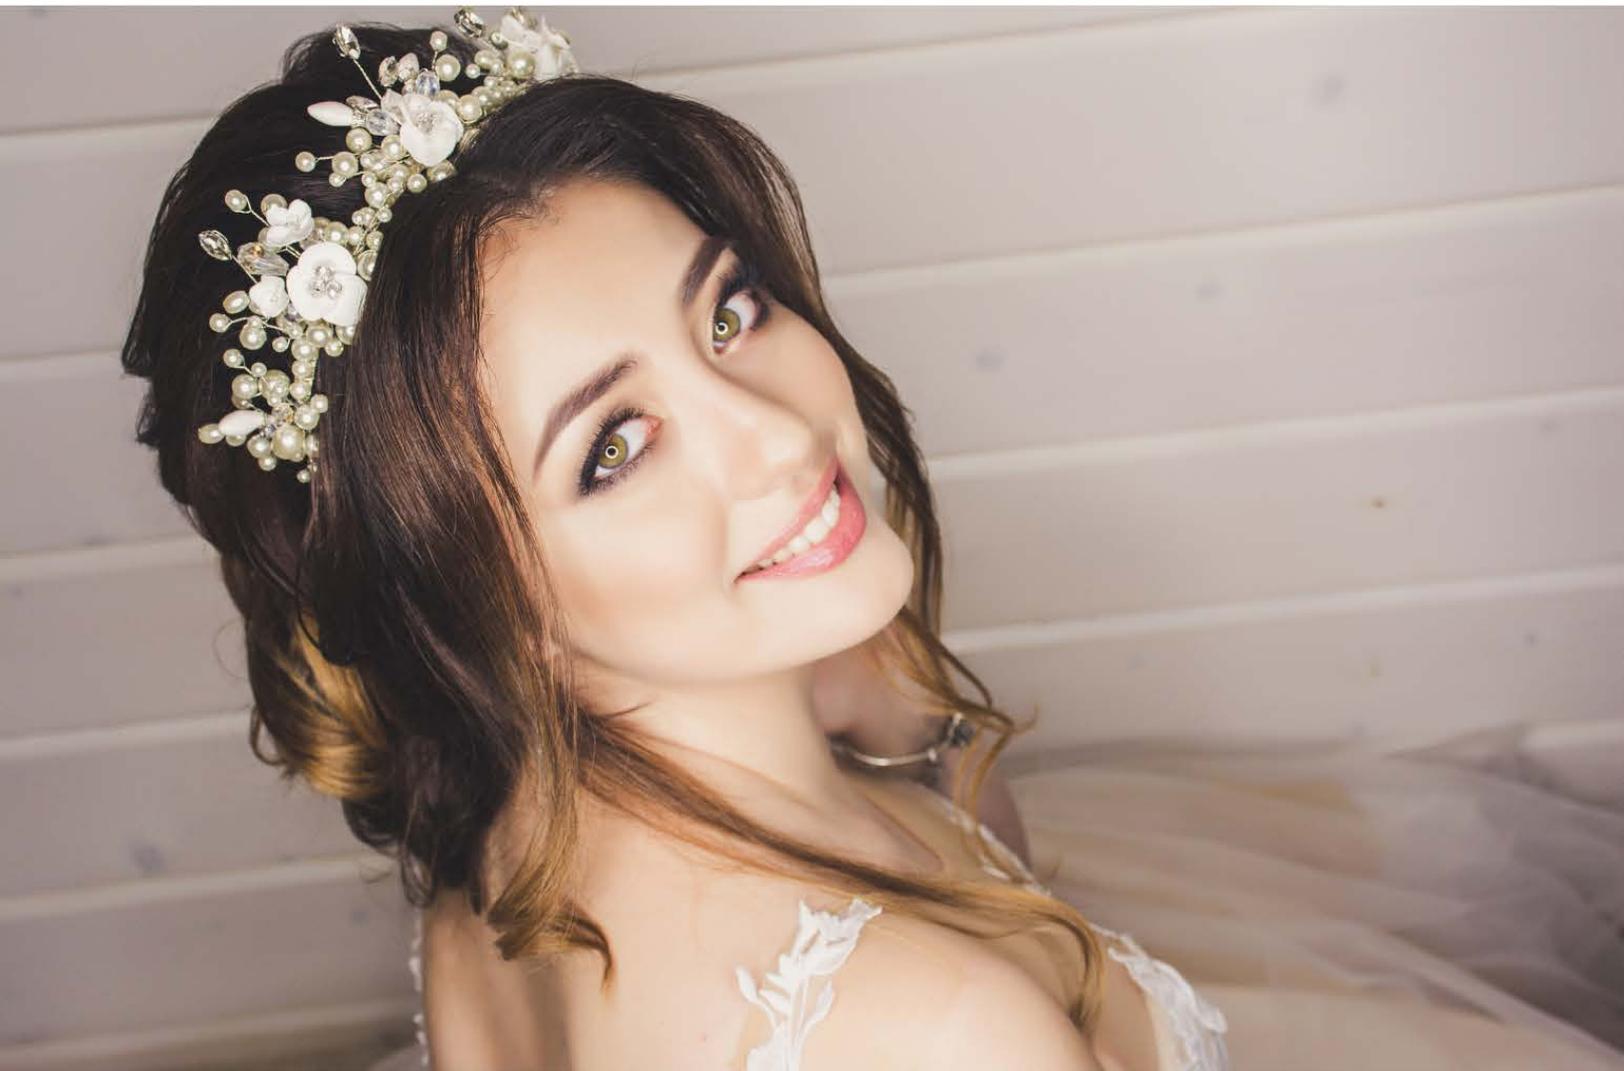

W E L C O M E

When it comes to planning your wedding, you want every detail to be as perfect and magical as you have been envisioning all of your life. Whether you are planning a grand event with hundreds of people or a small intimate gathering, having a professional wedding designer will make the whole process less stressful and more enjoyable for you.

Some couples like to take on all the responsibility and do all the planning themselves, while others want someone to take over the stress of negotiating with vendors and sticking to a budget for them. In either case, on the day of your wedding you will want someone else to take the responsibility and worry from you and from your family and friends.

Let Elegant Wedding Designs handle all your wedding day needs from pre-planning to day-of planning and even honeymoon planning. We look forward to helping you create the wedding of your dreams!

WHY
EVERY
BRIDE
NEEDS A
WEDDING
PLANNER

Your wedding day is naturally one of the best days of your life. There are so many aspects that you need to focus on in order to bring it all together though, which is why this can be such a stressful period for brides too.

Hiring Elegant Wedding Designs can help busy couples, just like you who are struggling to connect the dots with finding the right venue for a worry-free, romantic, memorable, and unique Destination Wedding. A Wedding Designer can make this joyful time a little easier on your nerves.

Here are a few reasons why you should consider hiring a professional:

YOU'VE NEVER DONE THIS BEFORE

Chances are you and your fiancé haven't planned a wedding before. Even if you have, there are always new and exciting trends, venues, and vendors popping up so it's never the same. Some brides feel that they can plan their own weddings because they've helped a sister or best friend plan theirs but planning your own wedding is completely different. At Elegant Wedding Designs, we listen to your vision and present a wedding package that meets your desires. We only partner with luxury all-inclusive resorts to ensure that you will have the best experience ever. We also make the necessary arrangements for transportation from the airport to the resort.

THE STRESS IS GETTING TO YOU

Planning a wedding is harder than it looks and if you're already losing sleep over your massive to-do list, hiring a wedding designer can really make the entire process much more manageable and enjoyable for you. You should be excited about your big day, not stressed and tearful. Remember, we are your support system.

YOU'RE UNSURE ABOUT THE COSTS INVOLVED

If you're in the process of putting a budget together and would like some more guidance on what to expect based on your unique preferences. Elegant Wedding Design can offer you great insights on perfect venue and what you can expect. We can also really help you stick to your budget.

YOU NEED A PUSH START

Elegant Wedding Designs can help you get the ball rolling so that you can start making all the important decisions. We help bring your vision together and we are a one stop shop. We will present you a full wedding package.

TIPS FOR STRESS-FREE WEDDING PLANNING

LEARN TO SAY NO

Planning a wedding is exciting and fun, but it can also be one of the busiest times of your life. If you do not want to end up being a nervous wreck before your wedding day, learn to prioritize and say no to any new commitments that would take away from other important wedding-related tasks.

BECOME THE QUEEN OF ORGANIZATION

The more organized you are, the better your wedding planning experience will be. Keep a digital copy of all your important documents, contracts and information in one file on your computer so you can easily refer back to them when you need to.

HAVE A LITTLE FUN

There's no need for you to be a frazzled bride. Take out your calendar and schedule a few fun days between all your wedding planning. Make fun and laughter a priority in the weeks leading up to your wedding. Sometimes it's important to come back down to earth and remember why you're choosing to marry your partner. Or perhaps go out and enjoy an afternoon with the girls where you don't talk about the wedding at all.

MOVE YOUR BODY

Exercise does wonders when you've got a lot on your plate. Sometimes you need to take a breather and focus on your health. This doesn't mean that you need to schedule in an hour at the gym every day either. If you're strapped for time, a simple 15-20 minute walk or yoga session can make all the difference to your stress and energy levels.

JUST BREATH

Take a complete timeout from wedding planning as often as you need to. Every bride deserves a relaxing soak in the tub or a heavenly hot stone massage to relieve some of the tension she might be feeling. It can be difficult to make time to simply relax but do your best to find the time, even if it's just 30 minutes a week.

WEDDING PLANNING ADVICE TO IGNORE

There's a lot of advice out there for new brides-to-be and it can be difficult to decide what advice to take and what to ignore.

If you're feeling overwhelmed with all of the advice you've been reading and receiving, here are a few wedding planning myths that you can toss aside.

A TALENTED FRIEND IS EXACTLY THE SAME AS A PROFESSIONAL

This is especially relevant when it comes to choosing a photographer. Just because you have a friend who takes amazing holiday photos doesn't mean they're prepared or skilled to capture your wedding day.

EVERY DETAIL NEEDS TO BE PERFECT

If you would prefer not to drive yourself mad before your wedding day, leave perfection at the door. Your wedding does not need to be Pinterest-perfect in order for it to be special and memorable.

YOU WENT TO THEIR WEDDING SO THEY SHOULD BE INVITED TO YOURS

There is absolutely no rule that says you have to invite every single person that invited you to their wedding. This is your day and your budget, so choose your guests wisely.

YOU SHOULD BE ENGAGED FOR AT LEAST ONE YEAR

There is no rule that says you need to wait at least 365 days before you wed. Your timeline should be based on your personal preferences and your lives.

YOU NEED A BIG BRIDAL PARTY

This is your wedding and if your future husband only wants his brother at his side on his wedding day while you want all five of your best friends, that's ok. Adding people to your wedding party unnecessarily racks up unnecessary costs.

IT'S OKAY TO GO INTO DEBT TO HAVE THE PERFECT WEDDING

You do not have to start your married life with mountains of debt just so that you could have a magazine-worthy wedding. Decide what's most important to you as a couple and allocate your budget accordingly. For most couples, this is the reason why they opt for "micro wedding" or destination wedding. Destination wedding is a wedding venue and honeymoon all in one. Not only does a destination wedding financially cost less than domestic nuptials, it can reduce emotional costs.
